- Limited Focus on Writing and Reading

The emphasis is predominantly on spoken language and comprehension. Although reading and writing are touched upon, they are not the primary focus, which might be a drawback for learners aiming for literacy in Lithuanian.

- Cultural Notes Could Be Expanded

While cultural insights are present, they are relatively brief. For learners interested in a more profound cultural immersion, additional materials or courses might be necessary.

- Self-Study Challenges

Like many language courses, self-motivated learners might find it challenging to stay disciplined without interactive components like live classes or language exchanges.

- Limited Vocabulary Scope

The vocabulary list, though practical, may not cover all niche or specialized topics a learner might need in real-world situations, especially for business or academic purposes.
