Key Principles Taught by Warren Buffett and Charlie Munger

1. Invest in What You Understand

One of Buffett?s fundamental rules is to invest only in businesses that you understand thoroughly. This ?circle of competence? ensures that investors can make informed decisions and assess the true value of a company.

Examples include:

- Familiar industries like consumer goods, banking, or insurance.

Buffett?s approach includes:

- Conservative assumptions in valuation models
- Waiting for the right opportunity rather than rushing into investments

4. Maintain Discipline and Patience

Market fluctuations often tempt investors to buy high or sell low. Buffett and Munger advocate for disciplined behavior?waiting for the right opportunities and resisting emotional reactions.

Their strategies involve:

- Developing a watchlist of potential investments
- Being prepared to act when the market undervalues a quality company
- Avoiding herd mentality and speculative bubbles

5. Reinvest Profits and Compound Growth

A central theme in their investment approach is the power of compounding?earning returns on reinvested earnings. Buffett?s annual shareholder letters often highlight how compounding has been a key driver of his wealth.

Practical tips include:

- Reinvest dividends
- Avoid unnecessary expenses
- Stay invested for the long term
