A sustainable competitive advantage is a key goal of strategic planning. Jordan Grant highlights that organizations should focus on unique resources and capabilities that competitors cannot easily imitate. This includes proprietary technology, brand reputation, and organizational culture.

- Strategic Fit

Ensuring a good fit between an organization's internal capabilities and external market conditions is crucial. Grant advocates for continuous assessment of internal strengths and external opportunities to adapt strategies accordingly. This dynamic alignment helps organizations remain relevant and competitive.

Developing a Strategic Plan

Jordan Grant stresses that strategy formulation involves setting clear objectives, conducting thorough environmental analysis, and choosing appropriate strategic actions. This process should be iterative and flexible to accommodate external changes.
