Introduction

In the world of art, engineering, and craftsmanship, few works manage to seamlessly blend aesthetic appeal with educational value as effectively as the Things Come Apart 2015 Wall Calendar. This calendar, inspired by the acclaimed book by author and photographer Charles D. Whether you're a design enthusiast, engineer, artist, or someone who appreciates the beauty of deconstructed art, this calendar offers a unique blend of visual storytelling and thoughtful design.

Overview of the Things Come Apart Concept

Origin and Inspiration

The Things Come Apart project originated from Charles D. Stanish's fascination with the internal

complexity of everyday objects. His goal was to deconstruct familiar items—machines, tools, and household objects—and photograph them in a way that reveals their inner architecture. The result is a stunning collection of images that showcase the beauty of engineering, the elegance of design, and the artistry inherent in mechanical construction.

The Artistic and Educational Value

The core appeal of the Things Come Apart collection lies in its dual purpose: it is both an artistic showcase and an educational resource. Each photograph captures the delicate arrangement of parts, emphasizing their form, function, and relationship with each other. This visual approach encourages viewers to appreciate the craftsmanship behind objects they might normally overlook.
