Sample Management Letter for Stocktaking

Below is an illustrative sample that combines all elements discussed:

Dear [Management/Board],

Subject: Stocktaking Report and Recommendations ? [Company Name]

Introduction:

We have conducted a physical stock count at [Company Name] on [Date(s)] as part of our annual inventory verification process. The purpose was to validate the accuracy of stock records and evaluate internal controls over inventory management.

Methodology:

The stock was counted manually by trained staff, following the company's standard operating procedures. Random sampling was employed for certain high-value items, and all discrepancies were recorded and analyzed. Inventory valuation was performed using the standard cost method, with adjustments for damaged or obsolete stock.

Findings:

The total counted inventory was valued at \$X, which is \$Y less/more than the recorded book value of \$Z. Significant variances were observed in the following categories:

- Category A: discrepancy of \$X
- Category B: discrepancy of \$Y
- Category C: discrepancy of \$Z

The primary causes identified include misplacement of stock, unrecorded stock movements, and possible theft.

Analysis and Recommendations:

The discrepancies highlight weaknesses in current inventory control processes. To address these issues, it is recommended that:

- Implement regular reconciliation procedures between physical stock and records.
- Enhance staff training on stock recording protocols.
- Improve security measures in storage areas, including CCTV and restricted access.

- Adopt inventory management software to automate tracking and reduce manual errors.

Internal Control Evaluation:

Our review indicates that current controls are insufficient to prevent unauthorized access and recording errors. Segregation of duties and periodic audits should be strengthened.

Conclusion:

While the physical count largely aligns with records, the identified variances warrant prompt management attention. Implementing the recommended controls will improve stock accuracy and reduce risks.

We remain available for further discussion and assistance in implementing these improvements.

Yours sincerely,
